

Road Instructions for General Mountaineering Camp, Battle Brook

All mileages on the paved sections are from the lights on 10th Ave in Golden. The kilometers on the Spillimacheen Forest Service Road are well sign-posted. You basically stay on the main road until **km 46**. At **km 46** turn left on the McMurdo Ck Rd. The next turn is the crucial one, after crossing the North Spillimacheen River, take the next left at **km 46.5**. Don't take the B road, stay left and climb a small hill. Follow McMurdo Ck for 10 kms, crossing it a number of times. At **Km 55.5** you will find a number of cars and helicopter fuel barrels. Find a good *parking place away from the heli-pad*, porcupine-proof your car and await your ride to paradise.
