

WILDLIFE SIGHTINGS, SIGNS AND INVENTORY

To be used by everyone in the backcountry

Observer: _____ Month: _____ Year: _____

WILDLIFE SIGHTINGS AND SIGNS (ALL SPECIES)

Date	Sighting or *Signs	Location / Landmark	Species	#	Sex, Age and **Markings (sightings) <u>Or</u> Type and Description (Signs)	Habitat / *** Behaviour	Time and Weather	Comments 1. Time Spent Observing 2. Distance Traveled by observer
	() Sighting () Sign							
	() Sighting () Sign							
	() Sighting () Sign							
	() Sighting () Sign							
	() Sighting () Sign							
	() Sighting () Sign							
	() Sighting () Sign							
	() Sighting () Sign							

* **Signs** include tracks, rubbed trees, hair samples collected, beds, etc.

** **Markings** include for example color, collars, points on the antlers, etc.

*** **Behaviour** should include the nature of the encounter (aggressive vs. fleeing)

The wildlife branch, the outfitter / operator or guide need this data to make better management decisions.
